<ul> <li>10b. Are you submitting the required PROVIDER DATA by using the Excel spreadsheet provided by the SBDD grants office? Yes No</li> <li>10c. Have you encountered challenges with any providers that indicate they may refuse to participate in this project? Yes No</li> <li>10d. If so, describe the discussions to date with each of these providers and the current status</li> <li>"'Hawaiian Telcom Communications, Inc. &amp; Oceanic Time Warner Cable: Last-mile and middle-mile facility capacity and more specifically backhaul from the facilities has been deemed proprietary. Further, providers maintain that they do not have information documented in a form that they would be able to easily provide. No information regarding this has been shared to-date by these providers. DCCA is sworking to compet these Providers to furnish more detailed information. On April 13, 2011, DCCA issued a Broadband Service Information regarding this nas been shared to-date by these providers. DCCA is sworking to compet these provides to furnish more detailed information. On April 13, 2011, DCCA issued a Broadband Service Information request on official State letterhead to obtain service information at the Tax Map Key (TMK/Parcel) level. Specificating via the outpet whether broadband service is "available" at a property/parcel pursuant to the definition in the NOFA (July 8, 2009).</li> <li>10e. If you are collecting data through other means (e.g. data extraction, extrapolation, etc), please describe your progress to date and the relevant activities to be undertaken in the future</li> <li>Data was obtained by working with Providers (phone conference calls and email) to get the latest information at the most detailed level possible. The team furnished Providers with a data request including the latest table specifications via email that included the specific information needed for the project. Three (3) Providers submitted address level detail (Sandwich Isles Communications, Inc.). All other provider submitted Tax Map Key (TMK/Parcel) level de</li></ul>										

10f. Please describe the verification activities you plan to implement

\*\*Coverage Verification via Website.

\*\*Provider Verification via Website.

\*\*Provider Verification via Map Products.

\*\*Speed Test Verification via Website.

\*\*Speed Test Verification via FCC Ookla/MLabs.

\*\*CAI Verification by Telephone.

\*\*CAI Verification by External Data Source Comparison.

For more details, please refer to the Q3 Supplemental Answers Document.

10g. Have you initiated verification activities? •Yes No 10h. If yes, please describe the status of your activities

The project team continues to verify provider coverage areas and broadband speed claims as well as to collect data from other providers as they are identified.

The most recent iteration of updated and verified mapping data was submitted to NTIA on October 1, 2011 in accordance with the latest FCC/NTIA broadband data model.

\*\*Coverage Verification via Website – In Progress.

\*\*Provider Verification via Map Products – In Progress.

\*\*Speed Test Verification via Website – In Progress.

\*\*Speed Test Verification via FCC Ookla/MLabs - In Progress.

\*\*CAI Verification by Telephone – In Progress.

\*\*CAI Verification by External Data Source Comparison – In Progress.

Note: These verification activities and direct updates from providers are anticipated to continue through the next data delivery date of April 1, 2012.

For more details, please refer to the Q3 Supplemental Answers Document.

10i. If verification activities have not been initiated please provide a projected time line for beginning and completing such activities

\*\*Provider Verification via Website: Providers will also be able to access the maps of their data through a secure portal on the website. – Begin January 1, 2011, Complete February 1, 2012 (completion date has been changed since the team had to work through some security architecture issues).

Note: The verification activities listed above and direct updates from providers are anticipated to continue through the next data delivery date on or before April 1, 2012.

## Staffing

10j. How many jobs have been created or retained as a result of this project?

The project has resulted in the retention of the jobs named below from 07/01/2011 to 09/30/2011 (approximations based on 520 hours per quarter): This quarter, the following jobs were retained: Technical Project Manager #1-Mapping (1.00FTE), Technical Project Manager #2-Planning (0.91FTE), Systems Administrator (0.94 FTE), Data Processor/Software Engineer #1 (1.00 FTE), Data Processor/Software Engineer #2 (0.88 FTE), Planning Analyst #1 (1.00 FTE), Planning Analyst #2 (0.27 FTE), Software Engineer (0.03 FTE), and Planning Consultant (0.12 FTE), for a total of 6.15 FTE.

was verified by personal telephone calls and information collected from websites. No surveys were distributed. The project team plans to increase the number of State facilities, restaurant lounges, malls and coffee shops with advertised free Wi-Fi by the April 1, 2012 data deliverable, as well as continue with telephone verification to obtain more information from CAI's. Thus far, all CAI's contacted have been very cooperative in providing information.

10bb. Please describe any challenge or obstacle that you have encountered and detail the mitigation strategies the project team is employing

\*\*NDA Execution with Providers: DCCA has encountered challenges in fully executing NDAs with providers. Subsequently, throughout this term, DCCA has experienced some delays in obtaining necessary information. However, to-date DCCA has been able to process data representing the overwhelming majority of broadband providers in the State of Hawaii. – DCCA continues to overcome these challenges through cooperation between the parties and improving process expediency. There are currently three (3) NDA's that have not yet been fully executed (Clearwire Corp., Sprint/Nextel, and Pacific Light Net, Inc. dba/Wavecom Solutions). Nine (9) NDA's have been fully executed (Oceanic Time Warner Cable, Hawaiian Telcom Communications, Inc., TW Telecom Holdings, Inc., Verizon Communications, Inc., AT&T Inc., MOBI PCS, T-Mobile USA, Inc., Sandwich Isles Communications, Inc., and TrexBroadband, Inc.).

10cc. Please provide any other information that you think would be useful to NTIA as it assesses your Broadband Mapping Project

Project is on schedule. Data to-date has adhered to the latest FCC file geodatabase model for the project. Census 2010 data has been processed.

The Planning portion of the project is underway. Planning information has been gathered and analyzed to support the development of a 5-year Master Plan for broadband adoption and advancement as critical infrastructure in the State.

A Detailed Project plan was approved by NTIA on May 18, 2011 which augments the project's mapping, planning and supplemental activities pursuant to DCCA's SBDD Supplemental Application submitted on July 1, 2010 and approved/amended on September 28, 2010 (Amendment No. 4).

DCCA sent a letter on April 13, 2011 to Oceanic Time Warner Cable and Hawaiian Telcom Communciations, Inc. to provide service levels at the Tax Map Key (TMK/Parcel) level in an effort to make the data more accurate.

## 11. Broadband Planning

11a. Please describe progress made against all goals, objectives, and milestones detailed in the approved Project Plan. Be sure to include a description of each major activity / milestone that you plan to complete and your current status

\*\*Planning Scope Approved: The Program Office approved the Planning Narrative and Budget for the State of Hawaii and Special Award Condition #17 was completed. – May 4, 2010 – Complete.

\*\*Planning Consultant Engaged: The DCCA project team has negotiated a subcontract with its planning consultant RHD Consulting, LLC. – August 23, 2010 – Complete.

\*\*Information Gathering for 5-Year Master Plan: Information gathering and analysis has been completed according to the approved work plan. – July 1, 2011 – Complete.

\*\*First Draft of 5-Year Master Plan: Writing of the initial draft of the 5-Year Master Plan is underway. – December 31, 2011 – In Progress.

\*\*Detailed Project Plan: Pursuant to NTIA grant requirements, and subsequent to the submitted Recipient Project Plan and Budget dated February 28, 2011 with requested edits received from Gabrielle Sivage of NTIA on March 31, 2011; and the Updated Recipient Project Plan and Budget dated April 13, 2011 with requested edits received from Gabrielle Sivage of NTIA on April 22, 2011, the revised Final Recipient Project Plan and Budget dated April 26, 2011 was submitted for NTIA review and approval – Approved by NTIA on May 18, 2011.

11b. Please describe any challenge or obstacle that you have encountered and detail the mitigation strategies the project team is employing

\*\*None: Thus far, the DCCA project team has not encountered any challenges or obstacles related to the Planning project plan.

11c. Does the Project Team anticipate any changes to the project plan for Broadband Planning? •• Yes •• No

11d. If yes, please describe these anticipated changes. Please note that NTIA will need to approve changes to the Project Plan before they can be implemented

Per NTIA guidance, a Detailed Project plan was submitted and approved to support augmenting the project's mapping, planning and supplemental activities pursuant to DCCA's SBDD Supplemental Application submitted on July 1, 2010 and approved/amended on September 28, 2010 (Amendment No. 4).

## **Additional Planning Information**

11j. Are there any additional project milestones or information that has not been included?

\*\*It is anticipated in the Detailed Project Plan that Initial Planning activities will conclude in Q4-2011; and that the State Capacity Building Project and Technical Assistance Project will subsequently begin in Q4-2011.

\*\*Applicant Matching Funds Activity: DCCA to Maintain Communication with Initial Planning Committee Members and other Project Stakeholders; Work on Legislation Supporting Streamlined Permitting; Hire Technical Staff Supporting Broadband in Hawaii.

For more details, please refer to the Q3 Supplemental Answers Document.

11k. Please describe any challenge or obstacle that you have encountered and detail the mitigation strategies the Project Team is employing

\*\*None: Thus far, the DCCA project team has not encountered any challenges or obstacles related to the Planning project plan.

11I. Please provide any other information that you think would be useful to NTIA as it assesses your Broadband Mapping Project
