

Connecticut Education Network Fiber Backbone – Diagram A

Connecticut Education Network Access Network Detail – Diagram B

Access Network

Facilities

- Single Mode Fiber
- 12 Strands Between Hubs

Redundancy

- Dual Uplinks From Member Site
- 5 Available Upstream ISPs

Resiliency

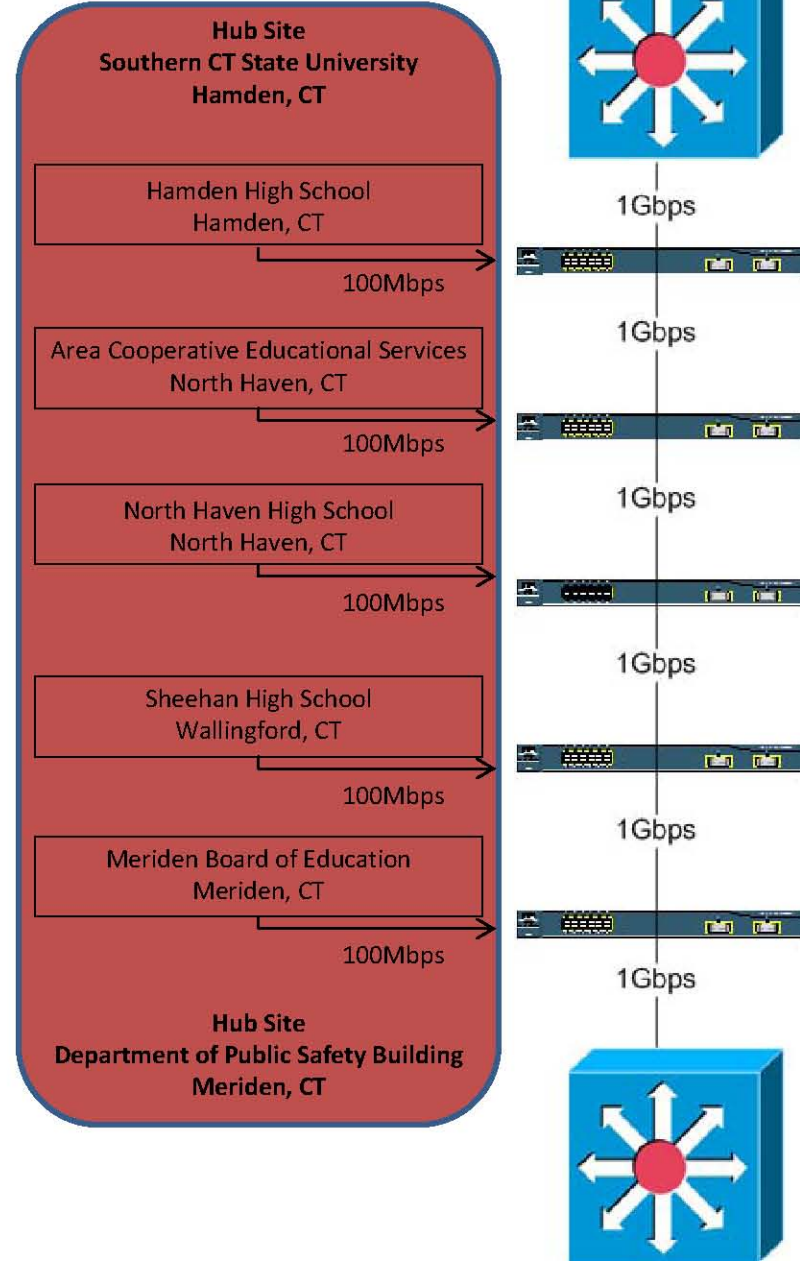

- Dual Physical Paths
- Hub Site Diversity

Bandwidth

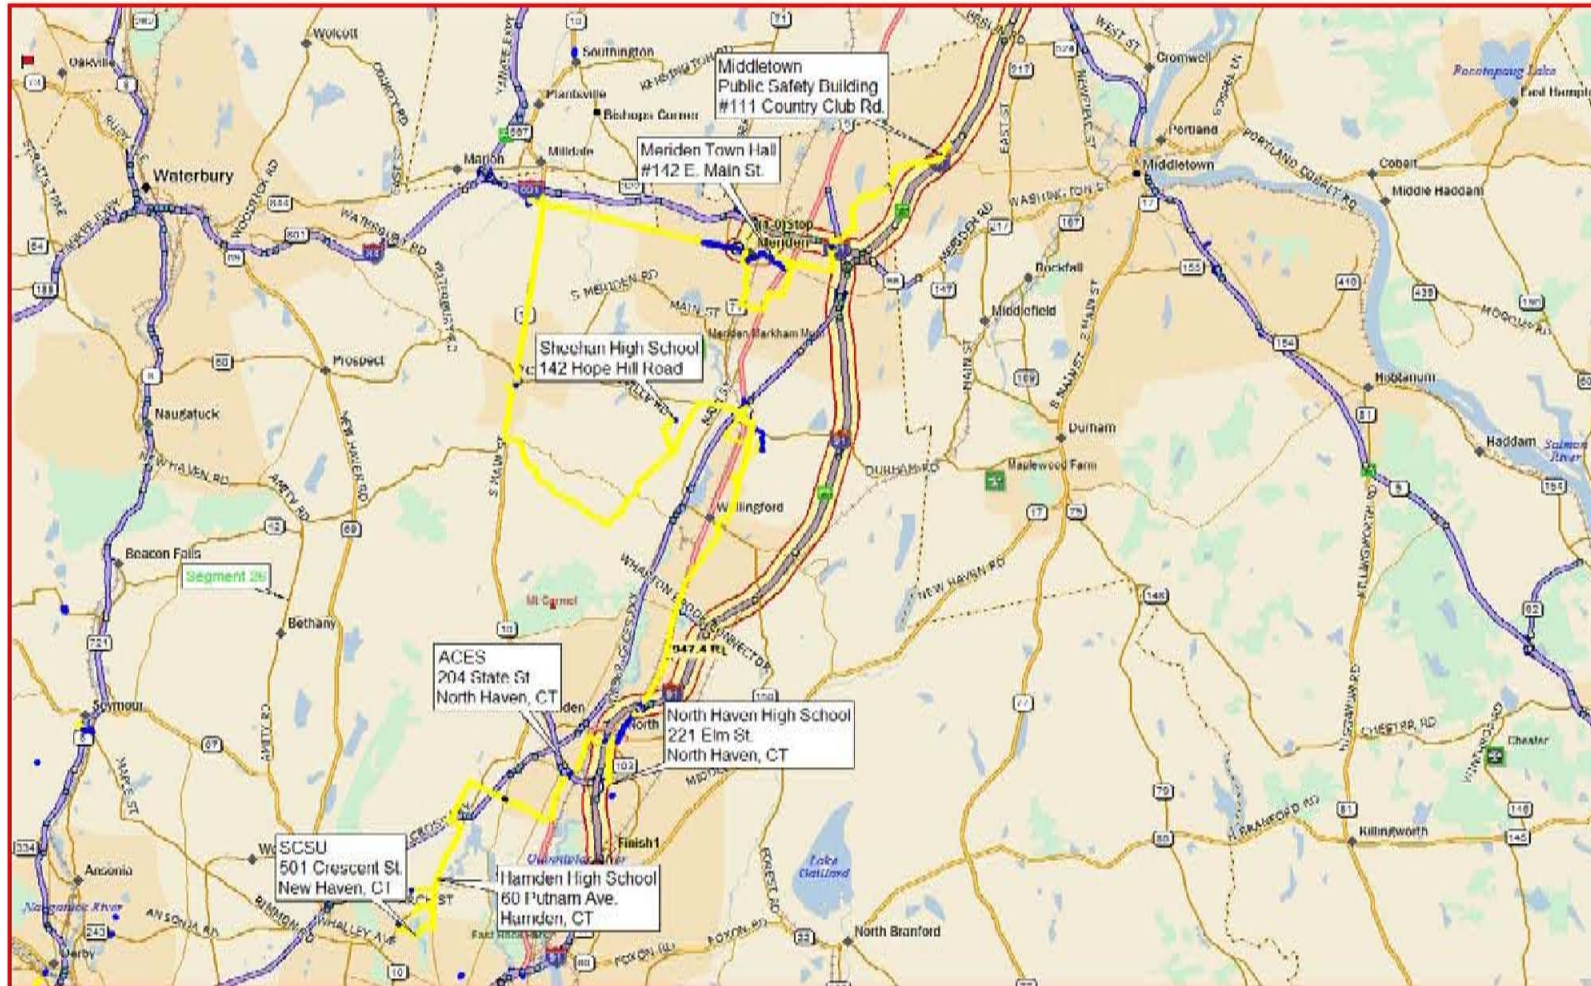

- 100Mbps Member Hand-off
- 1Gbps Customer Access Network
- 10Gbps Core Backbone Connections

Hub Site

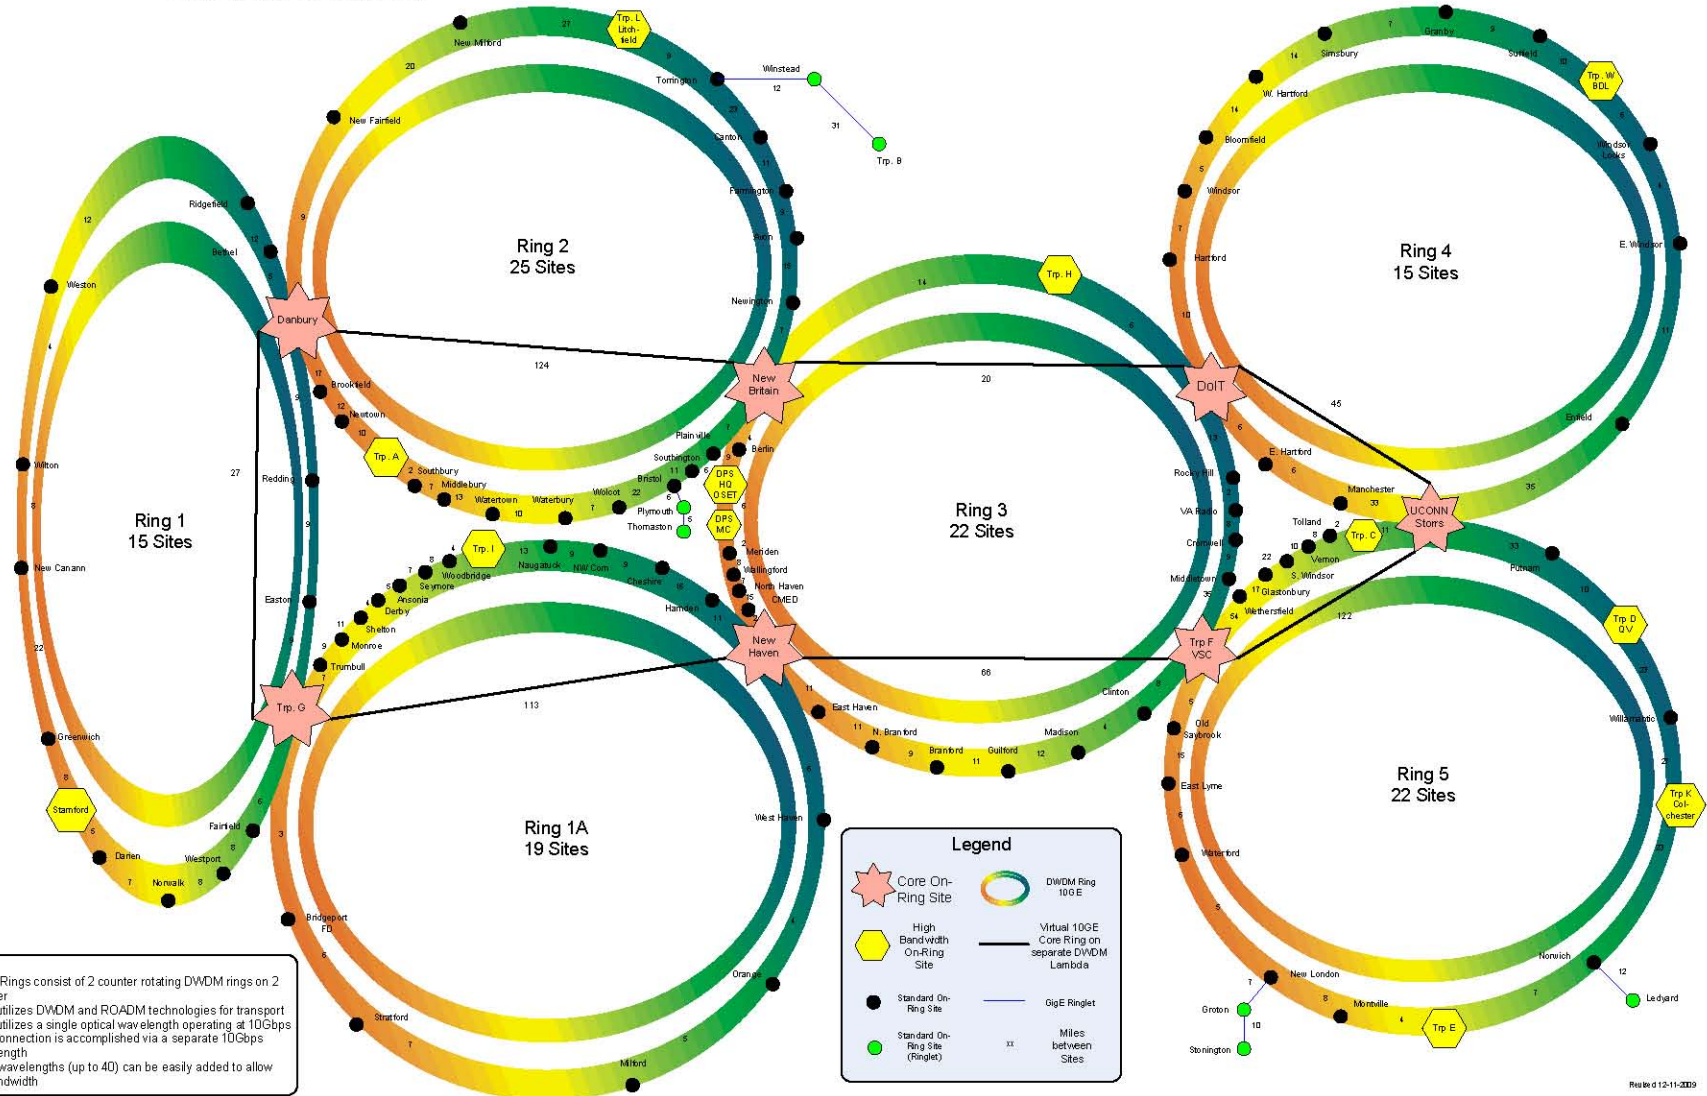

- Power Protection Provided By UPS, Generator, or Both
- Dual Power Supplies In Core Hardware
- Multiple 10Gbps Uplinks To Other Core Sites
- No Oversubscription
- Spares of All Hardware on Hand
- Monitored 24 x7
- No Leased Space Arrangements (Except at ISP Peering Points)

Connecticut Education Network Access Network Example – Diagram C

Connecticut PSDN Network Phase 1 Core Fiber Backbone Logical Ring Overview 111 Total Locations

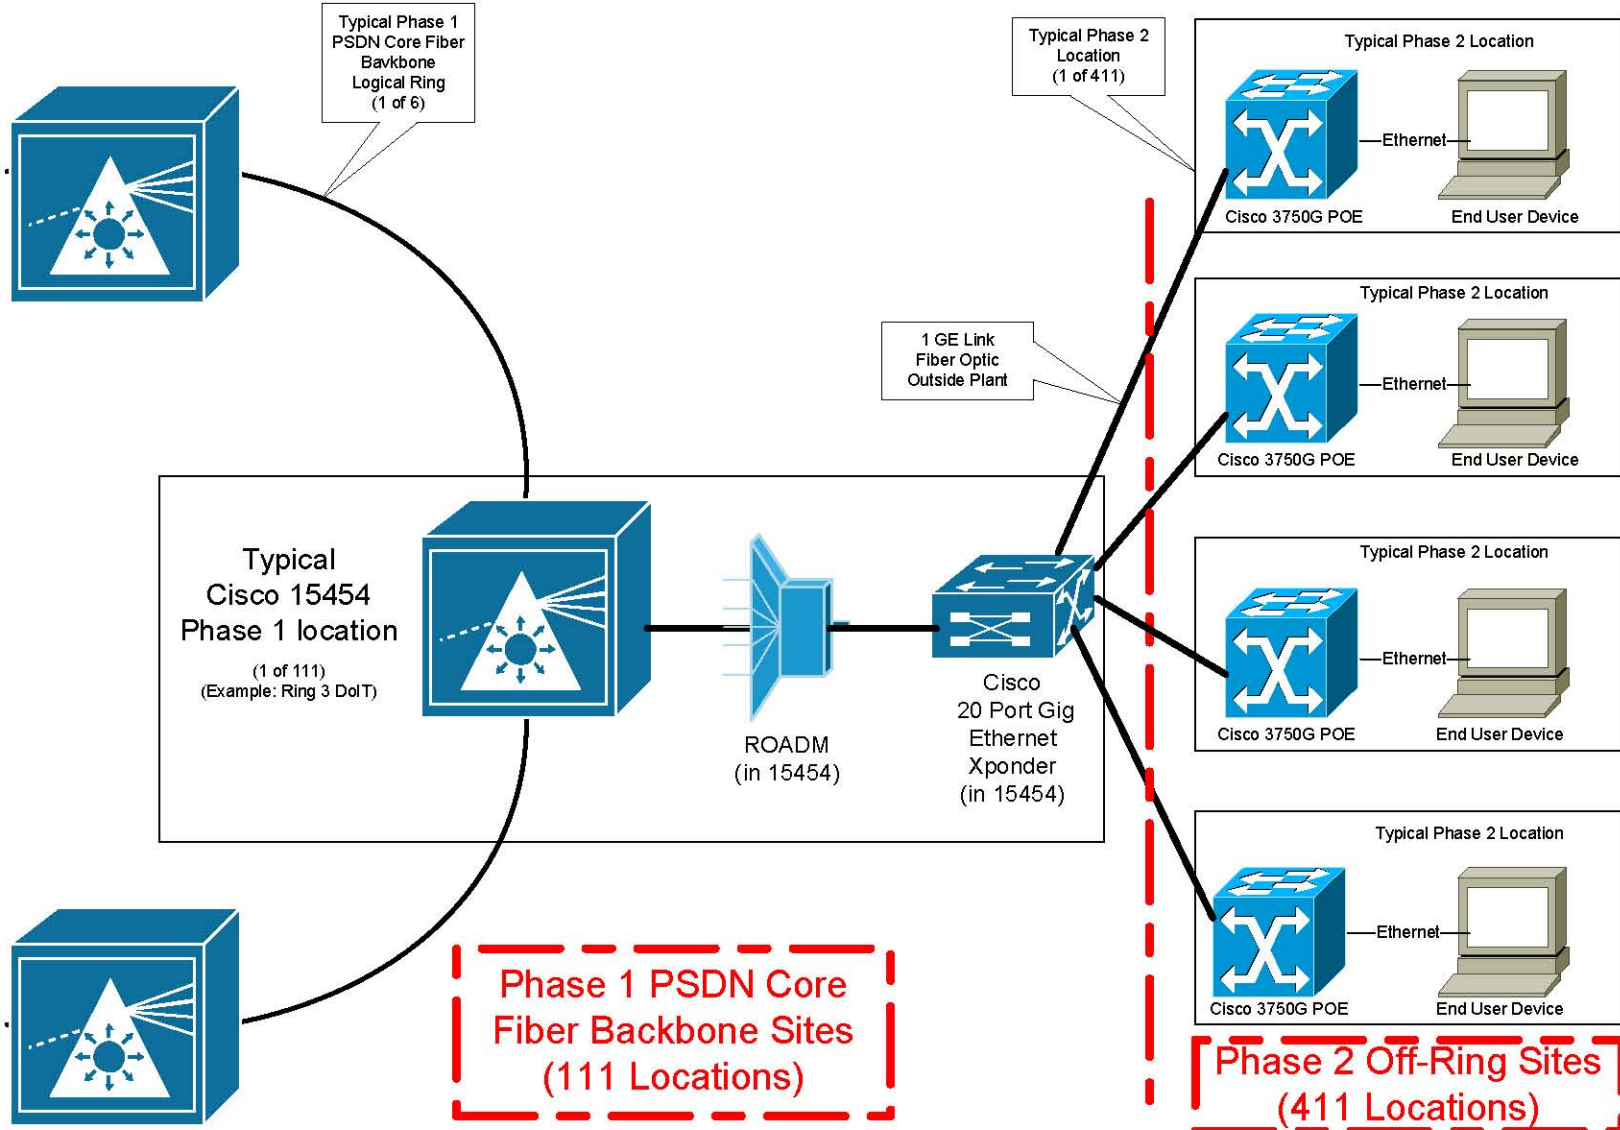

Notes:
 1. All Logical Rings consist of 2 counter rotating DWDM rings on 2 strands of fiber
 2. Each ring utilizes DWDM and ROADM technologies for transport
 3. Each ring utilizes a single optical wavelength operating at 10Gbps
 4. Ring interconnection is accomplished via a separate 10Gbps optical wavelength
 5. Additional wavelengths (up to 40) can be easily added to allow increased bandwidth

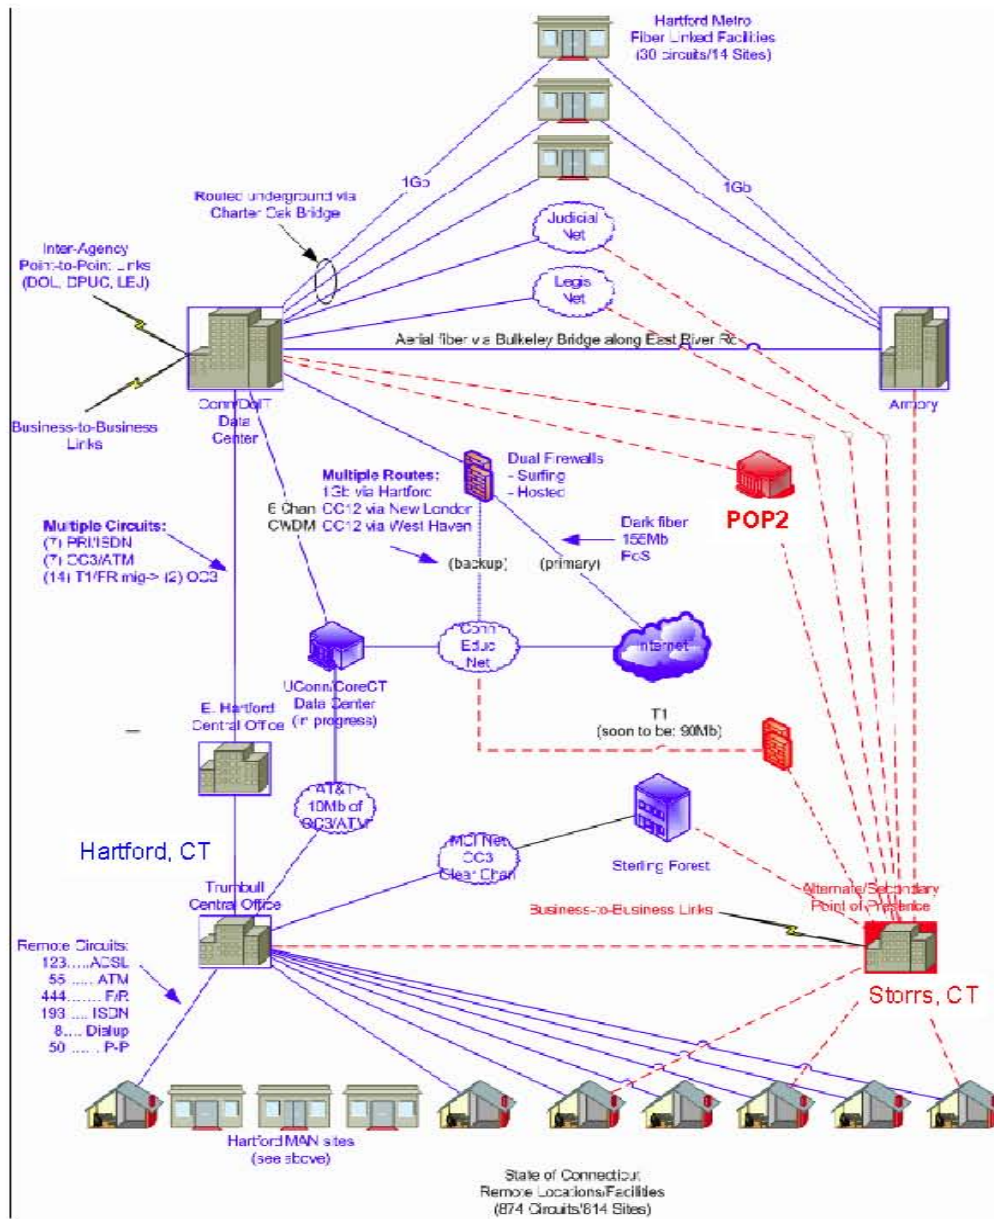

Legend

- Core On-Ring Site
- High Bandwidth On-Ring Site
- Standard On-Ring Site
- Standard On-Ring Site (Rings)
- DWDM Ring 10GE
- Virtual 10GE Core Ring on separate DWDM Lambda
- GigE Ringlet
- Miles between Sites

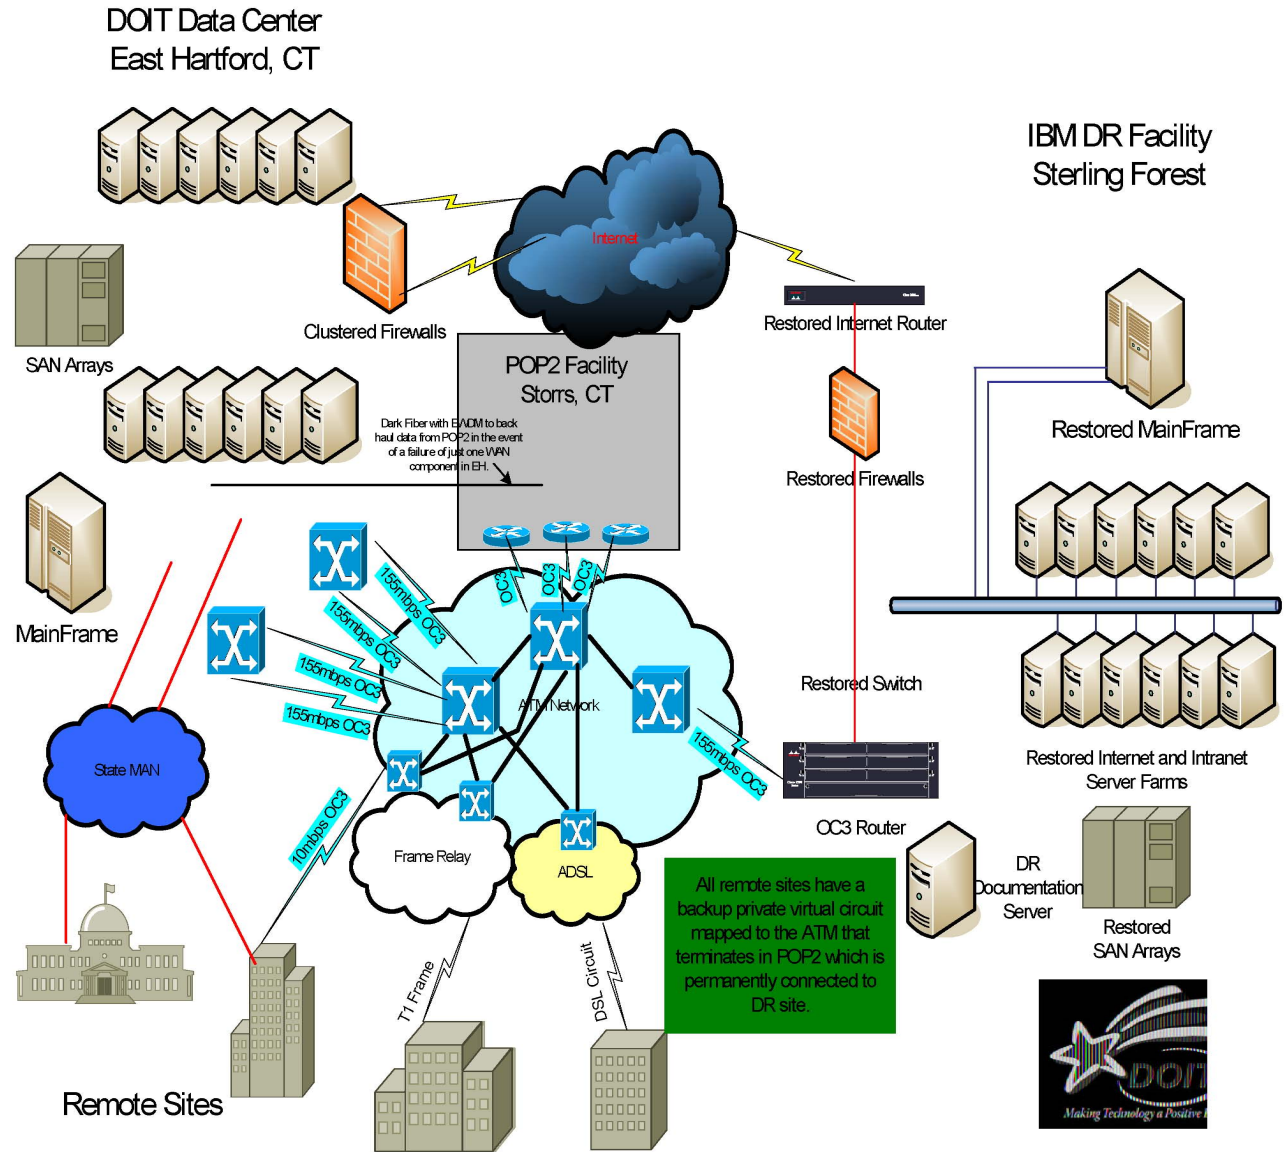

Connecticut PSDN Network Typical Site Connection Diagram

Connecticut POP2 Solution Overview

Connecticut POP2 Network Overview

March 22, 2010

Mr. Richard Bailey
Deputy Chief Information Officer
Connecticut Department of Information Technology
101 East River Drive, East Hartford, CT 06108

Dear Mr. Bailey,

On behalf of the Board of Trustees and the Community Colleges of Connecticut, I welcome the opportunity to express support for the expansion of access to information and instructional technology that would result from the Broadband Technology grant proposed by the Connecticut Department of Information Technology. Expanding the Connecticut Education Network (CEN) fiber backbone to include two more of our Community Colleges, Quinebaug Valley in Danielson and Northwestern Connecticut, in Winsted, would further our goal to provide quality higher education and workforce training through educational delivery systems and state-of-the-art instructional technology to meet the needs of students.

The Connecticut Community Colleges serve over 50% of the state's public college undergraduates with over 55,000 credit students enrolled each semester and over 35,000 non-credit students enrolled throughout the year. Since 2000, headcount enrollment has grown by 35 percent and full-time students, usually younger more traditional students, have increased by 97% in the same time period. In order for these students to gain the knowledge needed to advance to higher levels of education and to enter the workforce with the skills required by Connecticut's competitive job market, they must have access to the most advanced educational technology and the latest information available. The inclusion of two more colleges in our system in this ARRA Broadband Grant means that all our facilities will be capable of supporting the kind of education our internet-savvy younger students require. In addition, with fifty percent of our non-credit enrollments focused on workforce development, students who are training or retraining for a career will have the resources necessary to support their efforts.

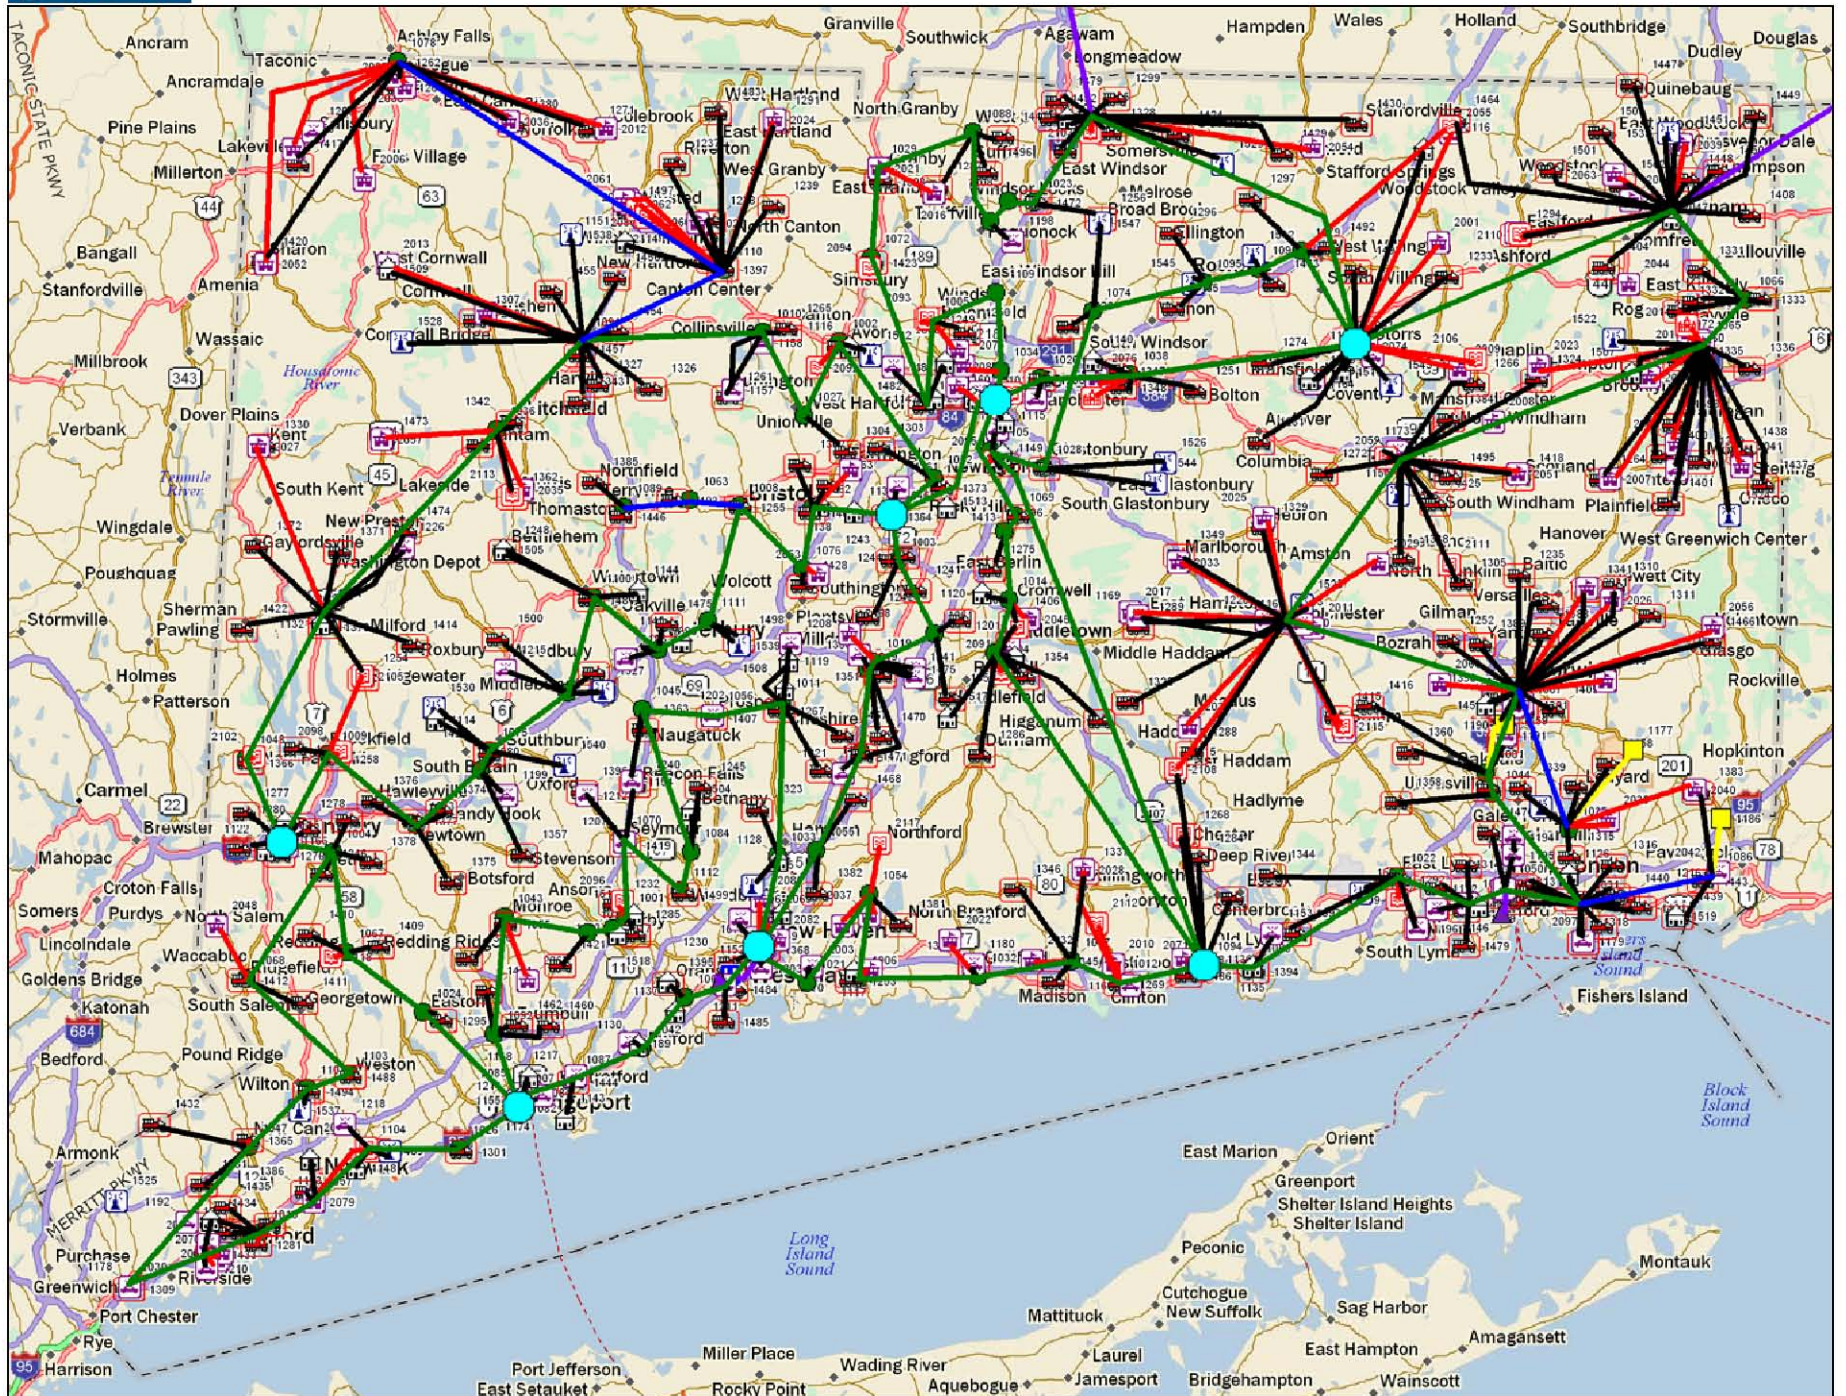

These facilities are in remote, more sparsely populated areas of the State with a higher cost for connection that has made CEN fiber backbone access unavailable within CEN funding. Connecting our last two colleges will be a major improvement in the educational environment for the students in these two locations and will result in major improvements to the internet environment in this part of the State.

I welcome the opportunity to support this innovative proposal and look forward to working with the Department of Information Technology to strengthen and expand the Connecticut Education Network.

Sincerely,

Marc S. Herzog, Chancellor

cc: Matthew Fritz, Special Assistant to the Governor

11. Miscellaneous	\$ <input type="text" value="7,726,950.00"/>	\$ <input type="text"/>	\$ <input type="text" value="7,726,950.00"/>
12. SUBTOTAL (sum of lines 1- 11)	\$ <input type="text" value="117,318,786.00"/>	\$ <input type="text" value="0.00"/>	\$ <input type="text" value="117,318,786.00"/>
13. Contingencies	\$ <input type="text"/>	\$ <input type="text"/>	\$ <input type="text" value="0.00"/>
14. SUBTOTAL	\$ <input type="text" value="117,318,786.00"/>	\$ <input type="text" value="0.00"/>	\$ <input type="text" value="117,318,786.00"/>
15. Project (program) income	\$ <input type="text"/>	\$ <input type="text"/>	\$ <input type="text" value="0.00"/>
16. TOTAL PROJECT COSTS (subtract #15 from #14)	\$ <input type="text" value="117,318,786.00"/>	\$ <input type="text" value="0.00"/>	\$ <input type="text" value="117,318,786.00"/>
FEDERAL FUNDING			
17. Federal assistance requested, calculate as follows: (Consult Federal agency for Federal percentage share.) Enter eligible costs from line 16c Multiply X <input type="text" value="80"/> % Enter the resulting Federal share.			\$ <input type="text" value="93,853,024.00"/>

BTOP Comprehensive Community Infrastructure Service Area Template

Please complete the complete the CCI Service Area worksheet. In each line you will provide name of a service area and one of the contiguous Census tracts or block groups that make u service area. Please provide full 11-digit Census tract numbers, includes the 2-digit State FIF the 3-digit county code, followed by a unique 6-digit tract number. For Census block group: please provide the full tract number, plus the 1-digit block group number (12 digits total). If more than one Census tract or block group in a service area, there will be multiple lines in th for that service area. It is critical that the service area names provided in this table match w service area names provided in the Service Area Details page of the application. Please revie document and Service Area Details page for consistency before submitting your application.

Important Note: Excel truncates leading zeros from numbers. Consequently, the tract/block column on the worksheet has been formatted as text. This formatting should not be altered validity of your data may be compromised.

The data provided via this attachment will be subject to automated processing. Applicants a therefore required to provide this attachment as an Excel file, and not to convert it to a PDF submitting a copy of your application on an appropriate electronic medium, such as a DVD, (ROM, or flash drive. Additionally, Applicants should not modify the format of this file (*e.g.*, l adding or removing worksheets). Do not leave blank lines in the table between service area

BTOP Comprehensive Community Infrastructure Service Offerings and Competitor Data Template

Please complete the complete the following worksheets--either of the Last Mile or Middle Mile Service Offerings worksheets may be omitted if the applicant is not proposing to provide that type.

For both the Last Mile and Middle Mile Service Offerings worksheets, the service offerings should include all relevant tiers and markets (*e.g.* residential, business, wholesale). Applicants should ensure to include details on any services that would be offered at discounted rates to specific classes of customers (*e.g.* community anchor institutions or third party service providers).

In the Last Mile Service Offerings worksheet, applicants are required to provide estimated end user speeds. Average speeds should be the average sustained actual, non-burst end user speed that would be received during a peak hour. For purposes of calculating these speeds, applicants should utilize their subscriber projections for year eight of the project, and develop utilization projections that are consistent with any additional services the applicant proposes. For wireless broadband services, this speed should be an average of the speeds available across the entire cell. Beyond these general guidelines, due to the multiplicity of technical solutions that may be proposed, the applicants may use discretion to determine the most reasonable method to estimate actual speeds on their network. Applicants should explain the underlying methodology used to calculate the average speeds in the space provided.

In the Competitor Data worksheet, applicants are required to provide data on both last mile and middle mile service providers, regardless of whether the applicant proposes to offer last mile and middle mile services. In the column titled Service Areas Where Service Offered, applicants should list all of the Last Mile and Middle Mile Service Areas within their Proposed Project Area in which the listed services are available. Please ensure that the Service Areas are consistent with those provided within the application and the Service Areas attached to the application. If the actual availability of the listed services is limited (*e.g.* the service is only available within a portion of a Last Mile or Middle Mile Service Area), note this in the Other Comments column.

In contrast to several other attachment templates in this application, the data provided in this template will NOT be subject to automated processing. These templates worksheets are provided to demonstrate the level of data required and to provide a suggested format. Applicants may modify the template layouts in order to provide the most effective presentation of data for their specific project. Applicants should, however, ensure that they provide at least as much data as these templates require. To the extent that you modify these templates please ensure that the print layouts are adjusted so that rows do not break across pages in a manner that is difficult to understand. It is recommended that you provide these documents in PDF format when submitting a copy of your application on an appropriate electronic medium, such as a CD-ROM, or flash drive.

Comprehensive Community Infrastructure **Budget Narrative Template**

Applicant Name:

State of Connecticut, Department of Information Technology

EasyGrants Number: 7356

Organization Type: State

Proposed Period of Performance: 10 quarters from grant award(2.5 years)

Total Project Costs: \$117,318,786

Total Federal Grant Request: \$93,855,029

Total Matching Funds (Cash): \$23,463,757

Total Matching Funds (In-Kind): \$0

Total Matching Funds (Cash + In-Kind): \$23,463,757

Total Matching Funds (Cash + In-Kind) as Percentage of Total Project Costs: 20%

1. Administrative and legal expenses - \$0

- Provide a breakout of position(s), time commitment(s) such as hours or level-of-effort, and salary information/rates with a detailed explanation, and additional information as needed.

Helpful Tip: Describe the line-items in a manner in which someone that is not familiar with your application would understand how each line-item was calculated. Provide as much detail as possible for each line-item and each line-item should tie back to a budget category as labeled in Column I of the Detailed Project Costs worksheet in the Detailed Budget attachment, etc. throughout the remainder of the Budget Narrative. See example at end of this template.

- Provide detailed description, calculation, and basis of evaluation for each Cash Matching Funds source.

Cash Source 1...

Cash Source 2... etc. throughout the remainder of the Budget Narrative.

- Provide detailed description, calculation, and basis of evaluation for each In-Kind Matching Funds source.

In-Kind Source 1..., etc. throughout the remainder of the Budget Narrative.

In-Kind Source 2..., etc. throughout all budget categories.

2. Land, structure, rights-of-way, appraisals, etc. - \$0

- Provide description of estimated costs, proposed activities, and additional information as needed.

- Provide detailed description, calculation, and basis of evaluation for each Cash Matching Funds source.

- Provide detailed description, calculation, and basis of evaluation for each In-Kind Matching Funds source.

3. Relocation expenses and payment - \$0

- Provide explanation for the relocation, description of the person involved in the relocation, method used to calculate costs, and additional information as needed.

- Provide detailed description, calculation, and basis of evaluation for each Cash Matching Funds source.

- Provide detailed description, calculation, and basis of evaluation for each In-Kind Matching Funds source.

4. Architectural and engineering fees - \$0

- Provide description of estimated fees, rates, explanation of proposed services, and additional information as needed.

Service	Total	Rate	Hours	Explanation
Engineering	\$565,000	\$250 hr	2260	Site work
Project Mgt	\$1,258,250	\$125	10066	Project Mgt
Technician	\$5,903,700	\$200	291518.5	Installation

- Provide detailed description, calculation, and basis of evaluation for each Cash Matching Funds source. All matching funds come from State E 9-1-1 Surcharge funds. All funds are matched at 20 per cent as they are expended.
- Provide detailed description, calculation, and basis of evaluation for each In-Kind Matching Funds source.

5. Other architectural and engineering fees - \$0

- Provide description of estimated fees, rates, explanation of proposed services, and additional information as needed.
- Provide detailed description, calculation, and basis of evaluation for each Cash Matching Funds source.
- Provide detailed description, calculation, and basis of evaluation for each In-Kind Matching Funds source.

6. Project inspection fees - \$0

- Provide description of estimated fees, rates, explanation of proposed services, and additional information as needed.
- Provide detailed description, calculation, and basis of evaluation for each Cash Matching Funds source.
- Provide detailed description, calculation, and basis of evaluation for each In-Kind Matching Funds source.

7. Site work - \$0

- Provide description of estimated fees, rates, explanation of proposed services, and additional information as needed.

- Provide detailed description, calculation, and basis of evaluation for each Cash Matching Funds source.
- Provide detailed description, calculation, and basis of evaluation for each In-Kind Matching Funds source.

8. Demolition and removal - \$0

- Provide description of estimated fees, rates explanation of proposed services, and additional information as needed.
- Provide detailed description, calculation, and basis of evaluation for each Cash Matching Funds source.
- Provide detailed description, calculation, and basis of evaluation for each In-Kind Matching Funds source.

9. Construction - \$0

- Provide description of estimated fees, rates, explanation of proposed services, state whether the work is being completed by the applicant or an outside contractor, and additional information as needed.
- Provide detailed description, calculation, and basis of evaluation for each Cash Matching Funds source.
- Provide detailed description, calculation, and basis of evaluation for each In-Kind Matching Funds source.

10. Equipment - \$36,619,962.31

- Provide a list of equipment in the form of a table with description, number of units, unit cost, state whether it is being purchased or leased, and additional

information as needed. **SEE BTOP R2 Supporting Bill of Materials Breakout in Uploads Section.**

- Provide detailed description, calculation, and basis of evaluation for each Cash Matching Funds source. **All matching funds come from State E 9-1-1 Surcharge funds. All funds are matched at 20 per cent as they are expended.**
- Provide detailed description, calculation, and basis of evaluation for each In-Kind Matching Funds source. **NA**

11. Miscellaneous - \$0

- Provide additional information as needed.
- Provide detailed description, calculation, and basis of evaluation for each Cash Matching Funds source.
- Provide detailed description, calculation, and basis of evaluation for each In-Kind Matching Funds source.

13. Contingencies - \$0

- Contingencies are an unallowable expenditures under **BTOP**.

15. Project (program) income - \$0

- The value for this line-item on the **SF-424C** is **\$0**. Please do not provide an estimated Project (program income) on the **SF-424C**.

Addendum

- Very few indirect costs are allowable through BTOP. If any allowable indirect costs and/or fringe benefits are included in the budget, please provide a copy of your existing Negotiated Indirect Cost Recovery Agreement (NICRA), if available. If the NICRA is applied accordingly in the budget, there is no need to justify the costs. If a NICRA is not available or is not consistent with the rates/calculations in the budget, please provide an explanation of how the amounts were calculated. Please clearly list the manner in which indirect costs are calculated in the budget.

Note: Verify that indirects are calculated correctly and are eligible BTOP costs. To clarify, reasonable indirect costs under BTOP are only allowable for Full Time Employees (FTEs) associated with the construction, deployment, or installation of facilities or equipment used to provide broadband service.

#. Example Budget Narrative - \$724,134 (Confirm to SF-424C)

\$100,000 of this category is estimated for legal expenses for contract reviews based on the average legal cost of (\$4) per mile for 25,000 miles.

\$134 of this category is estimated for legal court filings.

\$624,000 of this category is estimated for Project Engineering Staff which consists of a project manager and two (2) network engineers.

BROADBAND TECHNOLOGY OPPORTUNITIES PROGRAM (BTOP)

Staff	Hours	Years	Rate	Total Cost
Project Manager	2080	3	\$20/hr	\$124,800
Project Engineer	2080	3	\$30/hr	\$187,200
Civil Engineer	2080	3	\$50/hr	\$312,000
TOTAL:				\$624,000

ASSURANCES - CONSTRUCTION PROGRAMS

OMB Approval No. 4040-0009
Expiration Date 07/30/2010

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0042), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

NOTE: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the Awarding Agency. Further, certain Federal assistance awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project costs) to ensure proper planning, management and completion of the project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, the right to examine all records, books, papers, or documents related to the assistance; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will not dispose of, modify the use of, or change the terms of the real property title, or other interest in the site and facilities without permission and instructions from the awarding agency. Will record the Federal awarding agency directives and will include a covenant in the title of real property acquired in whole or in part with Federal assistance funds to assure non-discrimination during the useful life of the project.
4. Will comply with the requirements of the assistance awarding agency with regard to the drafting, review and approval of construction plans and specifications.
5. Will provide and maintain competent and adequate engineering supervision at the construction site to ensure that the complete work conforms with the approved plans and specifications and will furnish progress reports and such other information as may be required by the assistance awarding agency or State.
6. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
7. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
8. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
9. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
10. Will comply with all Federal statutes relating to non-discrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681 1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and, (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.

11. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal and federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
12. Will comply with the provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.
13. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333) regarding labor standards for federally-assisted construction subagreements.
14. Will comply with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
15. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).
16. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
17. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq).
18. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-1 33, "Audits of States, Local Governments, and Non-Profit Organizations."
19. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.

BTOP Application Attachment Instructions

Historical Financial Statements

Provide detailed organizational financial statements for the last two years. A standard annual Income Statement, Balance Sheet, and Cash Flows based on generally accepted accounting principles (GAAP) are preferable. If your organization cannot readily produce this data in a standard format, you should explain why not, and provide comparable data, such as your most recent IRS Form 990 or annual audit, that provides as detailed a picture as possible of your financial history for a minimum of one year prior to your submission of this application. If appropriate, you may include Notes on Financial Statements that explain costs and revenues by major categories, and you may make note of any abnormal or one-time charges, large liabilities or asset transactions, legal actions, or other financial events you feel require explanation. If key partners are involved in delivering programmatic benefits (*e.g.* operating a proposed broadband network), it is recommended that historical financial statements for the key partners be provided as well.

It is recommended that you provide these documents in PDF format when submitting a copy of your application on an appropriate electronic medium, such as a DVD, CD-ROM, or flash drive.

BTOP Comprehensive Community Infrastructure Community Anchor Institution and Network Points of Interest Detail Template

Please complete the Anchor Institution Details worksheet by providing information on Community Anchor Institutions that will be directly connected by the proposed network as necessary. All Community Anchor Institutions should be given a type from the specification. A Community Anchor Institution is considered a minority-serving institution if it is a post-secondary educational institution with enrollment of minority students exceeding 50 percent of its total enrollment. The "Project Role" column only requires a word or two, or a short phrase, not a detailed explanation. A detailed explanation of the role of project partners and community anchor institutions should be provided in the essay portions of the application.

Please complete the Points of Interest worksheet by providing information on all points of interest (interconnection (passive, non-environmentally controlled points of interconnection, cell tower sites, may be excluded), collocation facilities, central offices, head ends, and other central office facilities, network access points to last mile service providers, Internet peering points, etc.). For each point of interest you may provide either a street address or geocoordinates (latitude and longitude). You must provide detail on what the point of interest is, whether it is already existing or will be created by the proposed project. Where more than one facility type applies, select the most appropriate facility type. For example, if a central office houses a point of interconnection, select central office as the facility type, or if a cell site is located on a tower, select tower as the facility type. Interconnection Available at the Facility field should be Yes if interconnection to the proposed network is available at that location, otherwise No. The brief description field is optional and should be used to convey a better understanding of what the facility is. You may use the space at the bottom of the table to provide additional notes, if desired.

The data provided via this template will be subjected to automated processing. Applicants are therefore required to provide this attachment as an Excel file, and not to convert it to PDF. When submitting a copy of their application on an appropriate electronic medium, such as CD-ROM, or flash drive. Additionally, applicants should not modify the format of the

STATE OF CONNECTICUT

DEPARTMENT OF PUBLIC SAFETY
OFFICE OF THE COMMISSIONER

John A. Danaher III
Commissioner

Lieutenant Edwin S. Henion
Chief of Staff

March 25, 2010

Chief Information Officer Diane S. Wallace
Department of Information Technology
101 East River Drive
East Hartford, CT 06108-3274

Dear CIO Wallace:

This letter confirms that the Connecticut Department of Public Safety, Office of Statewide Emergency Telecommunications is committing \$23,463,757 in matching funds to the construction of the Statewide High-Speed Data Network (the "Public Safety Data Network", or PSDN) as a part of Connecticut's BTOP application. These funds have not been committed as a match to any other program.

The source of the funding for the match is the Enhanced 9-1-1 Telecommunications Fund (the "Fund") managed by DPS on behalf of the state for the provision of 9-1-1 services, including high speed data services, as authorized by Conn. Gen. Stat. §28-24(b) and §28-30a(c).

All construction and operating costs for the DPS/PSDN are and will be paid from the Fund, and there is no request for additional future funding/appropriations in order to operate the projects in this proposal.

Sincerely,

John A. Danaher III
COMMISSIONER
